Food and Wine Magazine Selects High Plains Sweet Clover as the BEST Clover Honey in America!

We need to boast a bit – Food and Wine Magazine (August, 2008) has chosen High Plains Sweet Clover, the very best Clover Honey in America! Sweet Clover is just one of the ten flavors of honey featured in the Gourmet Honey Collection™ Moon Shine Trading Company, a division of Z Specialty Food. Only a year and a half ago, Food and Wine named Moon Shine's Yellow Star Thistle Honey 'The Champagne of Honeys' on Good Morning America in Boston.

About Sweet clover Honey: A native to the Mediterranean region, Sweet Clover now grows bountifully throughout the hot, dry, high plains of the Western United States. Honey bees transform the nectar from the white and yellow flowers into a supremely unique, light honey. Upon opening the jar, a cinnamon aroma announces Sweet Clover. Tasting reveals a spicy essence remarkably different from all other honeys!

These delightful characteristics have made Sweet Clover a honey most beekeepers speak of with joyous regard. We agree! The Gourmet Honey Collection™ is pleased to offer this premium wildflower confection! You will never settle for just 'clover' honey again!

Sweet Clover is wonderful to bake with. We love shortbread in the winter. With the heat of summer upon us, we suggest using Sweet Clover in ice cream recipes or drizzled on top of your favorite flavor.

Z Specialty Food, LLC is an award winning packer of gourmet foods located in Woodland, CA. In addition to packing varietal honeys selected from across the United States, Z Specialty also packs Honey Fruit Spreads, Chocolate Nut Cremes, Honey in the Straw and Cowboy Caviar. For more information about Z Specialty Food and Moon Shine Trading Company contact Amina Harris or Ishai Zeldner at 530-668-0660 or 800-678-1226.
